MURTON PLAY PARK UPDATE

Bishopston Community Council would like to explain the length of time it is taking to install the new children's play park at Murton Green.

As we are working in partnership with Swansea Council on the project, we are required to follow their procurement process. Unfortunately, this is taking longer than originally anticipated. We appreciate everyone's patience and understanding and look forward to seeing the new play park installed as soon as the process is complete.

PUMP TRACK UPDATE

We know many residents are keen to see the Bishopston Pump Track become a reality, and we're just as eager to get the project moving. The proposed home for the Pump Track is now Copley Woods, where we hope it will become a fantastic new facility for children and young people in our community.

There has unfortunately been a delay while we work through Swansea Council's required procurement process. The Community Council is currently awaiting a Service Level Agreement, which will allow us to move forward alongside the Bishopston Skate Park Project.

Once this is in place, the next important step will be to seek planning permission for the Copley Woods site.

We appreciate everyone's patience. It can be frustrating when projects take longer than we would like, but we remain committed to making the Pump Track happen and will keep you updated as it progresses.

PLEASE PARK CONSIDERATELY

Please help keep Bishopston safe and accessible by parking considerately. Do not block driveways, and wherever possible, please avoid parking on pavements.

Pavements need to remain accessible for everyone, particularly pedestrians, wheelchair users and people with pushchairs. If there is no alternative to parking partly on a pavement, please make sure there is enough space for people to pass safely without having to step into the road.

PLEASE DRIVE SAFELY AROUND OUR VILLAGE

We are asking everyone to please slow down and take extra care when driving through Bishopston. There have recently been several incidents which may have been avoided if vehicles had been travelling more slowly.

Please take your time, particularly on our single-track and narrow roads, where you may need to stop or give way to oncoming traffic. We would especially ask drivers to take extra care along Manselfield Road and Oldway.

HIRE BISHOPSTON COMMUNITY CENTRE

Bishopston Community Centre is available for hire for community groups, celebrations, classes and meetings

To book or for more information contact our Clerk:

bishopstoncommunitycouncil@outlook.com

07389 765826

Bishopston Community Council

JUST A REMINDER – PARKING AT BISHOPSTON COMMUNITY CENTRE

Just a reminder that parking at Bishopston Community Centre is for facilities users only, helping to ensure spaces remain available for those attending classes, events, meetings and bookings.

Short visits are still very welcome, including when visiting the Post Office, collecting a prescription, attending a health appointment, using the Community Bus, purchasing from The Gower Coffee Cart or carrying out a brief essential errand.

Thank you for your understanding and for helping us keep the car park accessible for everyone.

ADULT SERVICES EARLY HELP- AREA COORDINATION

The role of an area coordinator is to support people to pursue their vision for living well, helping them to stay strong, resilient and independent for as long as possible.

They can support individuals/families and communities to:

- Stay strong, safe and connected.
- Be heard, be in control and make choices.
- Find practical ways of doing the things they want or need to do.
- Develop and use personal and local networks.
- Be part of and contribute to their community.

Rachael Cole is the Area Coordinator for Bishopston, Pennard and Gower and can be contacted on rachael.cole@swansea.gov.uk or 07929743468.

Cyngor Abertawe Swansea Council

Annual Christmas Carol Service

Bishopston Community Centre
Wednesday 16th December at 6:30PM

HEALTH WALKS

Join us for a gentle stroll designed to increase physical activity. Suitable if you just want to 'stretch' your legs, if you're not as nimble as you were, if you use a wheelchair or mobility scooter or for some enjoyable company.
We always stop for a cuppa and chat.

Come and enjoy a walk, chat, cuppa and the fresh air!

SWANSEA PROMENADE TO MUMBLES:

TIMETABLE AND COMMUNITY BUS UPDATES: AVAILABLE ON WWW.BISHOPSTONCC.COM

Festive FREE Saturday Community Bus Service

Get into the Christmas spirit and leave the car at home!
Our Festive Saturday Bus Service will be running on:

28th November
5th December
12th December
29th December

Timetable, as above. Supporting our community, by reducing traffic, and spreading festive cheer!

ARE YOU READY? PREPARING FOR AN EMERGENCY IN BISHOPSTON

A little preparation today can make a big difference tomorrow

Living in Bishopston, we are fortunate to have a strong community where people look out for one another. But severe storms, prolonged power cuts, flooding, fallen trees, heavy snow, water supply problems or disruption to phone and internet services can all happen with relatively little warning.

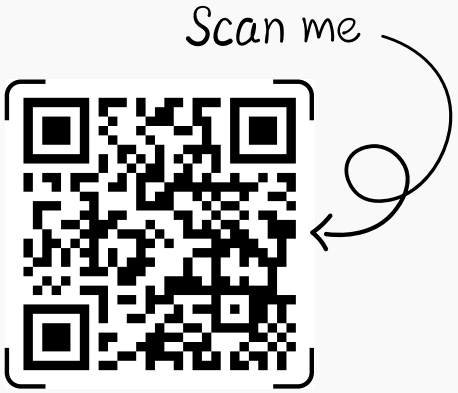

An emergency does not necessarily mean a major national disaster. It could simply mean being without electricity or water for a day or two, being unable to travel safely, or needing to leave your home unexpectedly.

Bishopston Community Council is encouraging everyone to spend a little time thinking about what they would do—and what they might need—if an emergency affected our community. The aim isn't to panic or stockpile huge quantities of supplies. It is simply to be prepared.

Could you manage for a few days?
Imagine that a severe storm hits Bishopston overnight.
The electricity goes off. Mobile phone coverage becomes unreliable. Some roads are blocked by fallen trees and shops cannot immediately restock.
Would your household have what it needs?

A basic emergency supply at home could include:

- Drinking water
- Tinned and long-life food
- Food that can be eaten without cooking
- A manual tin opener
- Essential prescription medication
- A first-aid kit
- Torches and spare batteries
- A battery-powered or wind-up radio
- Charged power banks and charging cables
- Warm clothing and blankets
- Toiletries and hygiene products
- Baby supplies, where required
- Food and essential supplies for pets
- A small amount of cash
- Important telephone numbers written down

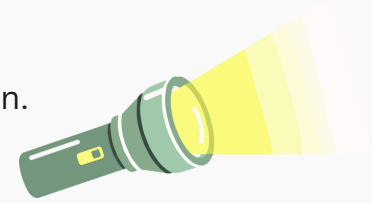

UK Government Prepare website]

You don't need to buy everything at once. Adding an extra item or two to your normal shop is an inexpensive way of gradually becoming better prepared.

IF THE POWER GOES OFF

Power cuts are one of the emergencies households are most likely to encounter, particularly during severe weather.

- Keep torches somewhere easy to find.
- Keep phones and power banks charged when severe weather is forecast.
- Keep fridge and freezer doors closed as much as possible.
- Have warm clothing and blankets available.
- Keep some food available that doesn't require cooking.
- Consider a battery-powered or wind-up radio for receiving information.
- Check on neighbours who may need additional support.
- Call 105 to report or obtain information about a power cut.
- Avoid candles and naked flames

Wherever possible, use battery-powered torches or lights rather than candles, oil lamps or other naked flames during a power cut.

The risk of accidental fire can increase during power cuts, particularly when unfamiliar sources of lighting or heating are being used. Keep torches in an easily accessible place so you aren't searching for them in the dark.

Never use outdoor cooking or heating equipment, such as barbecues, inside your home because of the risk of fire and carbon monoxide poisoning.

EMERGENCY CONTACTS – KEEP THIS LIST HANDY

Emergency Services – 999
Police, Fire, Ambulance or Coastguard where there is an immediate danger to life or a serious emergency.

Police – 101
For non-emergency police matters.

NHS Wales – 111
For urgent medical advice when it is not life-threatening, including access to GP out-of-hours services.

Power Cut – 105
Call free of charge to report a power cut or obtain information about an electricity outage.

Gas Emergency – 0800 111 999
If you smell gas or suspect a gas or carbon monoxide emergency.

Dŵr Cymru Welsh Water – 0800 052 0130
For water emergencies, including no water, leaks and burst water mains.

Natural Resources Wales Floodline – 0345 988 1188
For information about flooding and flood warnings.

Natural Resources Wales Incident Hotline – 0300 065 3000
To report environmental incidents such as pollution or environmental damage.

Swansea Council – 01792 636000
Main contact number for Swansea Council services.

Urgent Out-of-Hours Social Services – 01792 636888
For urgent social care situations outside normal working hours that cannot wait until the next
working day.

YOUR IMPORTANT CONTACTS

GP Surgery: _____

Pharmacy: _____

Family / Emergency Contact: _____

Trusted Neighbour: _____

Home Insurance: _____

In an immediate or life-threatening emergency, always call 999.

BUILD YOUR OWN EMERGENCY CUPBOARD

One useful approach is to “store what you eat and eat what you store.”
Rather than buying specialist emergency food that might never be used, consider keeping a slightly larger supply of the things your household normally eats.

Tinned beans, soup, vegetables, fruit and fish; pasta, rice and cereals; long-life milk; snacks; pet food; toiletries and other everyday essentials can gradually be added to your normal shopping.

Use the oldest items first and replace them as you go.

There is a useful UK stockpile shopping. Simply cross out anything you don't need and tick off the things you already have.

EMERGENCY CUPBOARD – SHOPPING LIST

You don't need to buy everything at once. Add a few items to your normal shop over time and tick off what you already have.

- □ Bottled drinking water
- □ Tinned and long-life food
- □ Food that can be eaten without cooking
- □ Manual tin opener
- □ Long-life milk
- □ Snacks
- □ Essential medication
- □ First-aid supplies
- □ Toiletries and hygiene products
- □ Toilet roll
- □ Torches and spare batteries
- □ Battery-powered or wind-up radio
- □ Charged power banks
- □ Baby supplies, if needed
- □ Pet food and essential pet supplies
- □ Warm blankets
- □ A small amount of cash

You don't need a huge stockpile. Keep things your household will actually use, use the oldest items first and replace them as you go.

MAKE A HOUSEHOLD EMERGENCY PLAN

Being prepared isn't only about having supplies. Spend a few minutes making sure everyone in your household knows what to do if something goes wrong.

- □ Know where and how to safely turn off your water, gas and electricity
- □ Keep important telephone numbers written down
- □ Agree where you would meet if family members became separated
- □ Think about how you would leave your home if asked to evacuate
- □ Make sure you have enough essential medication
- □ Include children and pets in your plans
- □ Exchange contact details with a trusted neighbour
- □ Think about anyone nearby who may need additional help

Don't rely entirely on your mobile phone. Power, broadband and mobile networks can all be disrupted during an emergency.

CHECK ON YOUR NEIGHBOURS

One of Bishopston's greatest resources in an emergency is ***each other.***

If severe weather, a prolonged power cut or another emergency affects our community, please consider checking on the people around you—particularly anyone who lives alone or may need some additional support.

You don't need to be a registered volunteer to knock on a neighbour's door or give them a call. Exchange telephone numbers with trusted neighbours now rather than waiting until something happens.

“Are you OK? Do you need anything?”

Sometimes a simple question can make a real difference.

HAVE A GRAB BAG READY

There may be circumstances where emergency services advise residents to leave their homes. Having a small bag ready—or knowing exactly what you would need to collect—can make this much easier.

Consider including:

- Essential medication
- Phone and charging cable
- Charged power bank
- Important contact numbers
- Identification and important information
- Torch
- Water and snacks
- Basic first-aid supplies
- Spare clothing
- Toiletries
- Glasses or contact lenses
- Essential items for children
- Essential pet items, where appropriate
- Spare house and car keys

If there is a fire or another immediate danger in your home, never delay leaving to collect a grab bag or other belongings. Get out, stay out and call 999.

Could You Help During an Emergency? - Join our Community Emergency Volunteers

We would like to create a register of Bishopston residents who would be willing to help their community during an emergency.

You don't need specialist qualifications, and signing up doesn't mean you will be expected to put yourself in danger.

Depending on the circumstances, volunteers might help with:

- Checking on neighbours
- Delivering essential supplies
- Helping at a community emergency or resource centre
- Making telephone welfare checks
- Sharing verified information with residents
- Supporting people who are unable to leave their homes
- Providing practical assistance
- Helping with communication around the community

We would particularly like to hear from residents with useful skills or experience, including first aid, healthcare, caring, communications or other practical skills.

Nobody volunteering will ever be expected to place themselves at risk or undertake work beyond their skills or training.

Email bishopstoncommunitycouncil@outlook.com or place this slip in Northway Garage, The Lamplighter, Murton and Bishopston Post office.

Could you help in a community emergency?

If you would be willing to volunteer and support the local community during an emergency, please complete your details below and return this slip to Bishopston Community Council.

Name: _____

Telephone: _____

□ I ***am happy for Bishopston Community Council to contact me about volunteering and community emergency arrangements.***

Your details will be held by Bishopston Community Council for the purpose of contacting you about community emergency planning and volunteering. They will not be used for unrelated purposes.

Completing this form does not commit you to being available during an emergency.

PREPARED, NOT SCARED

Emergency planning isn't about expecting the worst. It's about making sure we can look after ourselves and each other when something unexpected happens.

A prepared household helps create a prepared street.

A prepared street helps create a resilient community.

In Bishopston, one of our greatest strengths has always been our willingness to look after one another.

Prepare yourself. Check on your neighbours. Help your community.

WOULD YOU NEED SOME EXTRA HELP?

Some members of our community may need additional support during severe weather, a prolonged power cut or another emergency. This might include someone who lives alone, is older or frail, has limited mobility or additional needs, relies on electrically powered equipment, has difficulty accessing information, or may simply benefit from someone checking that they are safe.

Bishopston Community Council would like residents to be able to voluntarily provide their details—or the details of a friend, relative or neighbour who may benefit from additional support during an emergency.

If you provide someone else's details, you must have their permission to do so.
Being included does not replace the emergency services, NHS, social services, utility providers or other statutory support and cannot guarantee assistance. It will help the Community Council identify residents who may benefit from a welfare check or appropriate community support during an emergency.

ADD SOMEONE TO OUR COMMUNITY SUPPORT LIST

Name of person who may need support:

Address:

Telephone number:

Alternative contact / family member (optional):
Name: _____
Telephone: _____

Email bishopstoncommunitycouncil@outlook.com or place this slip in Northway Garage, The Lamplighter, Murton and Bishopston Post office.

What type of help might be useful during an emergency? (Please do not include medical diagnoses or detailed medical information)

□ A welfare check / someone to check I am OK
□ Help receiving emergency information
□ Help accessing essential supplies
□ Assistance because of limited mobility
□ Other: _____
Cooking facilities: □ Electric □ Gas □ Both □ Unsure

Permission
□ I am completing this form for myself.
OR
□ I am completing this form for someone else and confirm that I have their permission to provide their details to Bishopston Community Council and for the Council to contact them in relation to community emergency arrangements.

Name of person completing the form (if different):

Signature: _____
Date: _____

If someone is in immediate danger or requires emergency assistance, always call 999.

What happens next?
The information provided will be held by Bishopston Community Council for the purpose of community emergency planning and providing appropriate community support during an emergency. Being included on the Community Support List does not replace emergency services, health or social care services, utility Priority Services Registers or other statutory support, and does not guarantee that assistance will be available.

CLLR LYNDON JONES MBE UPDATE

IF YOU WANT TO CONTACT LYNDON FOR HELP OF SUPPORT:
07880743578
CLLR.LYNDON.JONES@SWANSEA.GOV.UK
OR MESSAGE HIM ON THE COMMUNITY FACEBOOK PAGE.

LOCAL DEVELOPMENT PLAN 2 - NEXT STEPS
I have been in touch with the LDP2 Team at Swansea Council for an update and was told that they are currently working through the evidence and if everything goes to plan, they will give a presentation to a meeting of Swansea Council in the last quarter of this year, giving an update on the Candidate Sites they recommend.

It will then go out to consultation, which is likely to be in the New Year. As soon as we know what Candidate Sites they recommend, I will organise a public meeting, so that YOUR views can be taken on board.

CHRISTMAS IS COMING
Please note that the "BIG CHRISTMAS TREE LIGHTS SWITCH ON" this year will be held on Friday, 27th November on the green in Murton at 6.00pm. As always Father Christmas will be there and I will organise a competition at Bishopston Primary School, with the winner switching on the Christmas Lights!

Further details about the Christmas Lantern Parade and Christmas Fair organised by the PTA at the Primary School will follow.

NO 14 BUS
There have been a number of instances recently where the No. 14 Bus has been late or has not turned up at all. Thank you to residents who have been in touch, with information, which I have passed on.

In addition, when a road closure was in place at the bottom of the green in Murton, instead of taking a diversion via Broadmead and Long Acre, which has always been the case, they avoided the village altogether and stayed on Northway! Words fail me!

I have met with the Transport Team at Swansea Council on a number of occasions, who have raised YOUR concerns with Adventure Travel and am pleased to say that they're reliability is being monitored and action being taken against them, until it improves. This is not good enough, because we need a reliable service.

I would therefore like to ask for your help. If a bus is late or fails to turn up, let me know, giving the time, date etc. I will then bring this evidence together.

OVER 400 PEOPLE TRAINED LOCALLY ON THE USE OF CPR AND DEFIBRILLATORS

The training session on the use of CPR, defibrillators and critical bleed kits, which was held in the summer at the Bishopston Community Centre, Murton Green Road, Murton, Swansea, was a great success! It means that since the 16th October, 2021, over 400 people have now been trained from Bishopston and the immediate surrounding area, at sessions I have organised in the Bishopston Community Centre.

This would not have been possible without St John's Ambulance and the Heartbeat Trust UK for providing the training and for their help and support.

In addition, big thanks to the fantastic Melanie James, the former High Sheriff of West Glamorgan, who talked about the Critical Bleed kits she has introduced and of course our Bishopston Community Council for allowing us to hold the sessions at the Bishopston Community Centre.

I have been asked by a number of residents when the next training session is! So, if the demand is there, I will organise another session in November, so if you are interested in attending, let me know. As I say at the start of each session, these are skills that I hope you will never use, but because of them, you could save a life!

COMMUNITY ORCHARD
Our Community Orchard is doing well and the apple, pear and plum trees are thriving. At the end of February / early March we will be replacing the bark at the base of the trees as well as pruning the trees and Kate from Coedenfach Nursery has agreed to come along and show people how to do the pruning, which is a great skill to learn.

We will need volunteers for both jobs! So, if this is something you would like to help with, please let me know.

GATEWAY TO GOWER COMMUNITY SHED

We are a friendly bunch of men and women who want to encourage people to come along, have a chat and a cuppa, pursue and share interests and learn new skills.

- **Meet others in the community**: We provide a warm, welcoming, safe space bringing people together to build new friendships and strengthen communities.
- **Share and learn skills:** We encourage people to share their skills and knowledge, learn from each other and maybe try something new.
- **Be part of Gower's first shed:** We are always looking for people to help the shed grow, whether it's an activity, a talk, an idea or just a friendly smile, come along or get in touch to get involved.

EVERY WEDNESDAY 11:30PM-2:30PM

Bishopston Community Centre, Murton Green Road, SA3 3AT

A WARM WELCOME AWAITS AT SEVEN ACRES

At the heart of our community is a simple idea: everyone deserves somewhere warm, welcoming and friendly to spend time.

Campion Gardens is proud to be part of the Welsh Warm Hub scheme, providing a safe, comfortable and welcoming place where local people can come together and enjoy the company of others.

Whether you would like to meet friends for a meal or a cuppa, take part in an activity, make new connections, or simply enjoy somewhere warm and welcoming for a few hours, there is always a friendly face and a warm welcome waiting.

More than just a place to keep warm, the Hub is about companionship, connection and community. It provides an opportunity to get out of the house, meet others and spend time in a relaxed and supportive environment.

Proud to be a Welsh Warm Hub
Warm Hubs across Wales provide welcoming community spaces where people can meet others, access support, take part in activities or simply enjoy a warm drink and a friendly chat.

Everyone is welcome, and you can contact Campion Gardens to find out more about what is available and what's happening.

There's More to Discover
Set within the wider seven-acre Campion Gardens site, there are a variety of facilities and activities to discover.

The PT Lab is a boutique fitness community with a “Never Train Alone” approach. Expert coaches provide supportive, personalised training, with pre-programmed workouts available on every visit.

Aurora Wellness, Pilates, Recovery & Coffee brings together Reformer Pilates, sauna and cold-plunge recovery facilities alongside café culture, with a focus on strength, mobility, relaxation and wellbeing.

Whether you come along for the Warm Hub, a coffee and conversation, an activity or simply to see what is available, you can join in as much or as little as you wish.
